Notes related to service C:

- Shaded journeys are likely to be cost dependent
- Does not serve Little Coxwell (serves Longcot instead), Woolstone (follows old 67 route in this area), Baulking or Shellingford (no longer needs to serve Stanford in the Vale, so operates straight from Uffington to Fernham)
- Significant dead running to enable suitable length of time in both Wantage and Faringdon – no wish to compete with service X35

Particular questions related to service C:

- Could this service facilitate access to school in Wantage?
- In view of this, is a minibus (16 seats) likely to be sufficient?
- Is the proposed number of journeys on all six days of the week appropriate for the likely level of demand?
- Are the peak time arrivals in, and departures from, Wantage at appropriate times? Do they need to start/finish at Faringdon?
